

FAST C105

Full Body Harness & Absorber Lanyard

Full Body Harness uses lightweight design makes it more flexible. The Dorsal D-ring and Sternal D-ring meet the different fall arrest requirements of working at heights. Adjustments on the chest and leg straps provide excellent fit. All D-rings are designed with galvanized steel to meet high-strength requirements.

Absorber Lanyard, absorbs energy in the event of a fall: Tearing of the energy absorber webbing limits the impact force on the user, Progressive tearing reduces the deceleration on lightweight users, ensure the impact force less than 6kN.
