

TC-12 PRO / TC-12 PLUS

Stringing Line

TC-12 is a 12-strand braided polyester rope that is highly renowned for its high strength and low elongation. It can be braided to virtually any length to meet the specific needs of customers.

TC-12 Pro is not only easy to splice but also highly user-friendly. Additionally, it features a wear-resistant polyurethane coating that delivers exceptional abrasion-resistance, making it a highly cost-effective option.

TC-12 PRO
Available in long lengths

TC-12 PLUS
Good grip

ELONGATION

TECHNICAL INFORMATION

MATERIAL | Polyester

SPECIFIC GRAVITY | 1.38

CONSTRUCTION | 12 Strand

ELONGATION AT 30% BREAK | 7.05%

WATER ABSORPTION | 0-1%

MELTING POINT | 492°F (256°C)

Excellent
abrasion-resistance

Torque-free
construction

Special coating

Low elongation

Easy to inspect

Cost-effective

Diameter, weight and MBS are determined in accordance with ISO 2307:2019.

Specifications are for unspliced strengths, strength will decrease by about 10% after splicing.

Custom size and length and color available by request.

Warning: The minimum breaking strength must never be regarded as the safe working load of the rope.
