

X21T

Mooring Pendant

X21T is composed of wear-resistant polyester rope cover and super strong nylon rope core. X21T has extremely high extensibility and impact resistance, can withstand the extra loads put by wind and waves linked to unwelcome weather. Provide bright and high visible styles; Matched with the movable prime wear-resistant sleeve to effectively reduce the contact friction with vessel, buoys and docks. Special abrasion resistant coating on the rope to prevent sand from being embedded. One end is 304 stainless steel metal capel, and the other end is professional eye spliced.

High elongation

Priming removable abrasion resistant sleeve

Corrosion-resistant 304 stainless steel metal capel

Cinch line on the eye helps connecting to cleat

Recognizable label

Technical Information

- 1 One end thimble
- 2 One end eye splice
- 3 Movable sleeve
- 4 ID tag with serial number
- 5 Cinch line

Diameter	Soft Eye	Minimum Breaking Strength	Length	Boat Length
inch	inch	lbs	feet	feet
1/2	12.0	12,100	12	10 to 16
5/8	12.0	17,600	16	15 to 24
3/4	15.0	21,700	16	23 to 31
7/8	15.0	29,100	20	27 to 36
1	18.0	36,000	26	27 to 41
