CORDURA
Fabric

3M

1 CORDURA® fabric high wear resistance

2 4D QSHION® fiber provides better resilience, water proof

3 Submarine fabric protects the surface of the boat

RSPERS
RELIABLE TO THE CORE

CREATED BY:

High Wear Resistance:

The CORDURA® fabric offers high wear resistance, protecting against abrasion from fender or mooring lines.

Water-Resistant and Soft Underside:

The CORDURA® fabric provides water proof, protecting the boat's finish without accumulating moisture.

Non-Slip Design:

The mat's non-slip underside keeps it securely in place.

Quick and Easy Installation and Removal:

Quick and easy installation and removal are further enhanced by its bright colors for high visibility.

Visibility and Safety:

Features bright colors and a 3M reflective Strip to ensure high visibility in low light conditions.
