

PANGOLIN™-HD Chafe GUARD

Heavy Duty Rope Defender

CORDURA®
Fabric

3M

1 CORDURA® Fabric
High Wear Resistance

2 Enhanced service
life layer

3 Durable fabric with abrasion
resistance and high-temperature
durability

This robust product is constructed from durable, abrasion-resistant polyester blended with high-temperature resistant Kevlar® fibers, ensuring exceptional strength and performance in extreme conditions. It is designed for maximum reliability and safety in heavy-duty applications.

ROPER'S

RELIABLE TO THE CORE

CREATED BY:

Xmonster®

High Wear Resistance:

Endures over 2,000 abrasion cycles, according to EN3886.1-16.

High-Temperature Resistant:

The fabric can withstand high heat generated from friction without being damaged.

Lightweight Design:

Ensuring easy handling and transportation.

Water Resistant:

The CORDURA® fabric provides water resistance.

Quick and Easy Installation and Removal:

Quick and easy installation and removal are further enhanced by its bright colors for high visibility.
