

Super Armor

Durable Cover

Using high-strength polyester fiber, the rope cover is woven and formed by special processing technology, which effectively improves the wear resistance and service life. It performs more prominently in harsh environments.

Super Armor-ET durable cover polyester braided protective cover for heavy duty work.

Minimized cover-body rope friction

Easy to fix

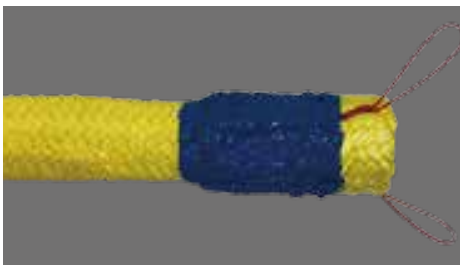

Rough surface isolation

Soft, can be used for fairlead

Wear-resistant coating

Technical Information

Tubular
FORMAT

Can be installed on the rope
POSITION

Braiding
STRUCTURE

Suitable for Fairleads
APPLICATION

Polyester
MATERIAL

Part Number	Fit Rope Diameter	Length
	inch	ft
ET-034	7/8 - 1 1/8	10
ET-048	1 1/4 - 1 3/4	10
ET-060	1 1/8 - 1 1/2	10
