

# Pangolin Chafe Guard

## High Wear Resistance Rope Defender

The Pangolin Chafe Guard – High Wear Resistance Rope Defender is designed for use in demanding environments, providing exceptional protection for ropes. With its high wear resistance, this protector can withstand over 50,000 abrasion cycles and effectively reduces wear and tear on ropes, extending their lifespan. Made from CORDURA® fabric, it offers excellent water resistance. Quick and easy installation and removal are further enhanced by its bright colors for high visibility. It is perfect for safeguarding ropes against sharp rock edges and rough surfaces. This product is commonly added to the eyes of working lines and can be installed on the rope as well.

High wear resistant

Light weight

Environmentally friendly

Anti-UV

Wash quick drying
